

Social Work Enterprise Opportunity

- Do you want to start your own fostering agency in your local area?**
- Do you want to expand the size of your existing fostering agency?**
- Does your fostering agency struggle with meeting tendering requirements?**

We are a well established existing Independent Fostering Agency looking across the UK to partner fostering agencies who wish to expand their placement numbers or we can set up social entrepreneurs who have local knowledge of fostering and some ability to invest with a new business. You can use our size, history and ability to invest to grow the turnover and fostering placement numbers of your agency.

Working in partnership with our investment you can:-

- Continue to exclusively run all operations within your defined area.
- Access our expertise in advertising, marketing and paperless office technology.
- Access our wealth of knowledge within Business Administration.
- Let us worry about completing tenders and developing preferred providers status.

If you are interested in growing your fostering business or have some money to invest and wish to start your own please send us a covering letter and CV to ifainvest@W3monkeys.com
we are not a Joint Venture or private equity company.
